

SIMCO 40/60 LIQUID ICE MELT

*Liquid deicer blend of organics and Calcium Chloride works to -20°F offering the best and most economical combination of corrosion inhibition, stockpile retention, residual effect and ice-melting capacity currently available.

Advantages of Snow and Ice 40/60 Liquid Ice Melt:

- **Stockpile treating agent** – will hold indefinitely and increase melting power of rock salt to -20°F .
- **Liquid Anti-icing agent** – applied directly to sidewalk, parking lot or roadway surfaces with spray-bar or spray wand
- **Onboard pre-wetting agent** – activates melting action faster to rock salt
- Treated salt outperforms dry salt
- Reduce salt use by 30% to 50%
- **ENVIRONMENTALLY FRIENDLY**
 - Biodegradable
 - Low Toxicity
 - Safe to Handle
